## Metropolitan Transit Commission

City Government → Departments → CATS

“MTC - History: Long-term development planning of the Charlotte Area Transit System (CATS) as a regional system is based on the July 1998 "2025 Integrated Transit/Land-Use Plan for Charlotte-Mecklenburg", created by the City and County, with significant participation by the six suburban Towns of Davidson, Huntersville, Cornelius, Pineville, Matthews, and Mint Hill. In November 1998, the citizens of Mecklenburg County approved the levy of a one-half cent sales tax to be used to finance public transportation systems. A Transit Governance Interlocal Agreement was negotiated and then signed in February 1999 between the County, the City and the six Towns. The Interlocal Agreement defines the relationships and mechanisms which guide the planning, financing and implementation of the 2025 Transit/Land-Use Plan and updates to that plan.” *From the City of Charlotte Website*

MTC meetings are scheduled to occur every fourth Wednesday of the month from 5:30 to 7:30 p.m. at the Government Center. Meetings can be viewed virtually at <https://www.youtube.com/CharlotteAreaTransitSystem>. Easiest way to get information, i.e. agenda, minutes etc. is to go to CATS and search MTC. They do have a public forum but the process to sign up is through the MTC link under CATS not the City process described above for City government.
